W. J. CHRYNIEY, GENERAL MANAGER.  
I. W. MCLEWEE, ASST. TREAS. & SEC.

Philadelphia, 6/15 1892  
C.M.

My dear Sam.

Yours of 5<sup>th</sup> & 7<sup>th</sup> former enclosing copy  
of Report, which was put into good shape, came by  
successive mails. The Report I sent to Senator  
Thewart. He has not yet returned it. Guess he  
will want to send out along with Cornell.  
I think you arranged all right at the meeting.  
I have reported same to Miss Burnham & Collins.  
The latter will be here 23<sup>rd</sup> inst. and if Mr. B-  
is then accessible, the articulation will be discussed.  
Cornell is up and down to Monmouth Park and  
back to Canaanville about July 1<sup>st</sup> when he will  
go to Lake George for balance of summer.  
I fear I shall be kept here until into July  
but don't know yet. I spent all this morn'g with  
my Counsel in preparing for later Co. hearing  
8<sup>th</sup> - What after that I don't know. Can't tell  
letter after that which

Chas. I spent at Abbecon on Meadow Bank  
in nice heat and mosquitoes, as has been  
and "intolerable and hardly to be endured"  
with Childs and Chas. Smith there. will

mamma - well and happy - only Dana is weak.  
The children enjoy the cat and the cock-  
bitters and chickens - are stout and brown.  
Heat has been intense for 3 or 4 days up  
here and all around but our home down  
at old Farm is almost always comfortable. It  
is astonishing what a perpetual breeze  
prevails just there.

I go to Media tonight where I think all are  
as well as usual. Mary's school is over -  
Paul got through quite well this time in  
the Univ. examinations - both term & special.  
Was to bush up in Math. only in the latter.

I assume that you will go on now as  
indicated in your report. I like the  
plan and execution of the different  
reports and will wish you more fully  
Succ. Sen. Stewart returns me the whole  
He got a better <sup>platform in the</sup> platform adopted at  
Minneapolis than I expected but  
subject to legislation of course. How-  
ever the G.O. is committed thereby to  
bi-metallism which is something in  
view of the fact that we shall soon have to  
fight a determined effort to commit this  
country to gold-monometallism -

With kind regards to Geo. & Merrill and mil-  
lions from folks at home. Carry off father
